14	Aidan Kilner	13	53.29		130
15	Helen Kilner	13	54.26		130

Organiser's comments

This was considerably harder than last year's course and everyone that completed did well. It would help us in planning future courses to learn if you felt the course was too easy, too hard or about right. Everyone seemed to like the individual starts better than a mass start so we will stick to this now.

We apologise about the missing controls 4 and 9. Most people saw the tapes so I have credited everyone who looked for them as having found them.

Soggy tallies are not easy to read so if you notice any errors in the results please let me know and I will correct.

The event raised £119.00 to help fund HOAA's programme of outdoor activities for people with disabilities. The charity thanks all the entrants, helpers and sponsors for their support. The money will be particularly helpful at this time when it is very difficult to raise funds.

You are welcome to send back to me your own comments to help improve this event. Provisionally this will be held again on 18th September, 2021 so keep on paddling.

Phil Puckrin (event organiser on behalf of HOAA)
